This book is not to replace reading the bible, my intent is to make it easier for you to read and understand the bible and some of the 8,000+ prophecies and parables. Hal Lindsey states that over 70% of the prophecies have been fulfilled which proves the validity of the Bible. I will explain, in plain English, what is said in a chapter. I will explain how a book fits in with other books of the bible by grouping the books. I will show the truth of the Bible and give references for you to gain more knowledge and proof of the validity of the Bible. The proof includes some of the 300+ prophecies that Jesus fulfilled and the probability of one man fulfilling these prophecies.

This is a fantastic book the information is easy to understand and you can verify it.

I really like to be able to check information with the secular claims and see how they differ.

Its amazing but, true to know that fear of Jesus is the main reason for the hatred of Christians. In fact Man in loose terms, for the enemy despises the fact that God loved man.

The whole philosophy of this book is based on a theory of secret codes in the Bible. I don't believe that so what I spent on this book was too much.
