Start with her later, meatier books

By Deicidus

Since I started with her later books, the Blood Sorcery Bibles I & II and 26 Daemons, this earlier book felt like a scattered rehashing of her more cohesive later material. It is just a collection of quotes, however some of them are quite informative, funny, or clever. I'd start with the BSBs and then 26 Daemons and get this one if you want more Cagliastro after that.

Well done quote books are hard to come by

By Christopher O

I got this book just after reading another one of Cagliastro's books. It is the kind of thing to read a little at a time, opening your mind and presenting a point of view you may not have previously thought of.

I would buy it again as a gift if someone needed to shine a new light on their lives.

Interesting Thoughts

By Amazon Customer

Someone who has dealings with demons had better have a strong will, personality and sense of self. Accordingly Madame Cagliastro does not disappoint. An excellent primer on the mindset one must bring to working FOR EFFECT in magical realms where surrender is not an option and prisoners are not taken.
