Good book, lots of action but with a somewhat dark ending.

By Amazon Customer

This is the fourth and, apparently, last book in the Bookworm series by Christopher Nuttall. It is a good book with plenty of action and the writing is as good as always from this author. The book is a wee bit on the dark side though including the ending which, although it concludes the story and deals with the main bad guy, does leave the world in quite a bit of turmoil.

In the book we get to follow Elaine in her final journey to stop the Witch-King. Needless to say it is a perilous one which includes a number of assassination attempts while the Witch-King's pawn ravages the countryside as well as a full scale siege with dragons an all. The odds against Elaine seems quite insurmountable.

It is an enjoyable adventure indeed. As I wrote above, Mr. Nuttall's writing is the usual one, that is good. There is plenty of good action. I Especially liked the siege of Ida where Elaine and company finally get to fight back and fight back effectively much to Deferens surprise.

The book ends with a rather spectacular showdown against the Witch-King in the Golden city. Unfortunately it tears much of the city and the old institutions apart. What remains after the dust has settled is pretty much a world in shambles where much of the old ways are gone forever. These kind of endings always saddens me a bit even though the bad guy got a whooping.

Nevertheless it was a enjoyable read and a good ending to the series.

Decent final volume for the series

By Adrian

A solid effort from Nuttall. Not his best, but certainly not his worst. Nice to see a series completed. I'm guessing he wants to concentrate more on the other series which is similar, but more popular.

What happens when you are the possible salvation, or certain destruction of the world as you know it. A weapon or a shield.

By Nekko

I really loved this whole series. Old historic concepts of cultural clashes, war, societal power plays and revolutionary plots made fresh with the addition of magic and a sleeping threat soon to awaken. Interesting characters and a plot that moved swiftly. What happens when you have a society where worth is based on magical ability that is suddenly threatened with its possible removal or living beneath the food of an all powerful and slightly mad dictator....and time is running out.

Some sex, handled discreetly. Some violence- but still would say this would appeal to teens and young adult-up.
