Fundamental Resource

By Mr. August

Will Farmer's concise book demonstrates the basic knowledge of Clarice Cliff's place in the art deco field. Unfortunately for me, there is nothing new. He did convey all the basic information that I have studied in other resources. I am always hoping for a startling new discovery about her or her brilliant ability to organize the design and manufacturing of the Bizarre line. Photography was adequate and did show her mastery of color. This book is a watered down repeat of more detailed accounts. I did find it interesting that he has been a fan since he was 14 years old.
