Nice piano book of James Blunt song hits

By Mark Wilson

First off, I think James Blunt is a master at his craft - that is singing songs with great intensity and feeling. He loves what he does and it shows in his music. Now, I play piano and I wanted of course to be able to play some of his songs for piano and I highly recommend this piano book for all those that love his music. It is written for beginner/intermediate players and will be a great addition to your repertoire of piano songs. Can't wait for another piano book by James B.

Bluntly speaking...

By Arena Connery

This book rocks! It matches "Back to Bedlam" - with piano parts/vocals/and guitar chords. With "So Long, Jimmy" and "Wisemen."
