KILLING IN THE NAME OF IDENTITY: A STUDY OF BLOODY CONFLICTS BY VAMIK VOLKAN PDF

“Why do they hate us so?” Vamik Volkan has the most compelling, humane, and universal response to the riddle of our time. In this extraordinary and timely book, Volkan explains better than anyone the relationship between large-group identities and massive traumas and current events and ongoing conflicts around the world, including those related to the horrific attacks of 9/11. In *Killing in the Name of Identity*, Volkan has taken us further, and deeper, into the dark and vulnerable collective mind of ethnic, religious, cultural, and national group conflict. Through his eyes and words, we find ourselves looking into and making contact with the universal elements present in humanity and in ourselves, which converge in producing the conditions for great human tragedies. No one understands nor writes about large-group terror and violence in a more compassionate and profoundly instructive way.

By Midwest Book Review

Killing In The Name Of Identity: A Study Of Bloody Conflicts by Vamik Volkan (Emeritus Professor of Psychiatry at the University of Virginia) is a scholarly examination of the psychological and political answers to the question "Why do they hate us so?" What prompts mass murder on the basis of identity alone, from ethnic cleansing to the Bataan Death March to the terrorist attacks of September 11? Written with compassion as well as logical analysis, *Killing In The Name Of Identity* probes the universal elements in humanity and society that can prompt such tragedies, and how to best prevent, defuse and combat large-group violence in co-existing societies. Highly recommended.

not an easy or quick read

By ERH

Scholarly work, not an easy or quick read. If the topic is of interest, this book is a treasure trove of well documented information well worth the effort. The author, a psychiatrist and psychoanalyst experienced in working with groups of people around the world, who have been traumatized by ethnic or national conflict, brings a depth of understanding and insight both to the violence and the subsequent trauma.
