I have recommended it between my friends as a must read book

By ana maria

I have learned so much from this book. If you analyze it as a contrast between cultures you realize what women have acquired in the western civilization and what a long road to walk for women in Iran. Parinoush was lucky to have a father who helped her with her education...But how many are kept in the most abject ignorance...I have recommended it between my friends as a must read book.

Es impactante ver la diferencia en distintas culturas, inclusive dentro de una misma, hay diferencias que pueden realmente cambiar el destino de la gente. Es un libro fácil de leer, y te hace sentir que conoces bien a la principal protagonista. Es conmovedor como la protagonista se adapta a su destino a pesar de sus dificultades.
