Review

"The book's . . . dynamic artwork and message that 'normal is boring' should go a long way toward assuring kids who don't fit the mold that there's a place for them, too."-- "Publishers Weekly"

"Cleverly delves into the events that make middle school so awkward: cranky bus drivers, tardy slips, bathroom passes and lots of rules.... Hopefully, this isn't the last we hear from Rafe Khatchadorian."--The Associated Press

"A keen appreciation of kids' insecurities and an even more astute understanding of what might propel boy readers through a book.... a perfectly pitched novel."-- "Los Angeles Times"

* "Patterson artfully weaves a deeper and... thought-provoking tale of childhood coping mechanisms and everyday school and family realities.... Hand this book to misbehaving, socially awkward, or disengaged boys and girls.... It might help them believe that there is a place for them in the world, no matter how dire times may seem in the present."-- "School Library Journal", starred review

"It's a chatty, funny, engaging book, one that often addresses the reader directly. It's filled with energetic cartoons... that will appeal to your little rebel, depicting teachers as dungeon-keepers, matadors and flying dragons. Patterson... knows how to structure a plot and builds in some surprising--even touching--twists.... Rafe is the bad boy with a heart of gold."-- "The New York Times"

"There is substance as well as appeal here.... Patterson deftly manages the pace of revelations that take readers deeper into Rafe's fragile trust.... Readers ready for something else in the same vein but more substantive than Kinney's "Diary of a Wimpy Kid" or Peirce's "Big Nate" should be introduced to Rafe."-- "Bulletin of the Center for Children's Books"

You never can go wrong with a James Paterson Book

By Rachel

I am a mother of a 10 year old. I try to find books that will keep her intrested in reading. Personally I love any book from James Patterson for myself. Then when I saw he was writting a childs book I had to get it. I per-ordered it and got this book the day after it came out. My daughter can't put it down. She is laughing while reading and can't stop telling me about what is happening in the book. As a parent this is what you want for your young child or pre-teen. This is a most have and your kids will thank you.

Great Summer Read

By Kevin S. Epps

I'm a middle school teacher. When I saw this advertised I just had to get it to see things from a kids perspective. VERY fast read. Funny as heck. I could actually put some faces (teachers, students, bus drivers, lunch ladies, etc) on the characters in this book. My daughter (high school student) is reading it now and laughing and talking about it to her friends...now if she'd only read her A.P. summer reading assignments...

Unique and Fast Moving

By KidsReads

Starting middle school can be rough on anybody, but for Rafe Khatchadorian, the sixth grade escalates into an absolute nightmare. First of all, his middle school resembles an ancient, high security prison. Secondly, it's staffed with angry monsters, like the dragon lady who teaches English, the three witches in the cafeteria, the ogre gym teacher, and the principal named the Lizard King. Thirdly, there's a nine-foot-tall troll of a sixth grader called Miller the Killer who is out to get him.

Things aren't much better at home, with a bratty younger sister, a mom who works all the time, and a soon-to-be stepfather who sits around the house hogging the TV and is as much of a bully as Miller the Killer. At

least Rafe has his best friend, Leo, who doesn't say much but has a great imagination. In fact, Leo is the one who gave him the best idea ever. To spice things up, Rafe creates a game with the goal of breaking every rule in the middle school's code of conduct handbook. He assigns points to each rule, with bonus points available for creativity, getting laughs and being witnessed by the cutest girl in the class, Jeanne Galletta.

Life definitely gets more exciting, but Rafe also starts spending a lot more time in detention, and his mom is very disappointed in him. Then the trouble and heartache start mounding up so heavily on Rafe's shoulders where even his best friend can't help much. When the police get called in, Rafe finally crumbles. Then he gets some help from a very unexpected someone, and life promises to continue being interesting, but in a different, more positive way.

James Patterson and Chris Tebbetts team up for this amazing adventure about one boy's attempt at surviving middle school. The first thing that stands out is how absolutely hilarious the book is. Rafe is a very likable character, and readers will love laughing along with him. His rule-breaking game is incredibly imaginative and dives headfirst into the danger zone again and again. Rafe does have to face the consequences of his actions, though he does attract the attention of someone who helps him find a way to work through his issues.

This unique and fast moving storyline also has a couple of surprise bombs dropped along the way that make it even more compelling. Also noteworthy are the intensely detailed illustrations of Laura Park. They support the story line as they are the work of Rafe's friend, Leo, plus they add even more humor to the story. Patterson, Tebbetts and Park make a great team, and the proof is right here in **MIDDLE SCHOOL, THE WORST YEARS OF MY LIFE**.
