NAZI HUNTER: ATLANTIS (A SECONDWORLD THRILLER)

BY JEREMY ROBINSON PDF

[Previously published as: I AM COWBOY]

Milos Vesely, aka Cowboy, kills Nazis. After the events of SecondWorld—a failed attempt by modern Nazi forces to carry out a worldwide genocide and claim the planet for the Aryan nation—he now hunts down the enemy, most of whom are running for cover. But others, as Cowboy discovers beneath the sands of Tanis, Egypt, are searching for a way to strike again.

Hidden beneath the “lost city” is a network of tunnels and traps protecting an ancient power that predates Egypt’s mighty empires. Vesely, along with archeologist, Dr. Sarah Pasha, traverse the underground realm, heading deep into dangerous territory. But they’re not alone. Sturmbannführer Oskar Dirlwanger, one of World War II’s most infamous and violent Nazi leaders, and his Dirlwanger Brigade, fifty of the most ruthless criminals in the Reich, are closing in, bent on retrieving the ancient power for themselves and resurrecting SecondWorld.

Trapped and on the run, Vesely and his lethal aim must face off against an army, but Nazis are far from the most dangerous element beneath the hot sands. Upon finding the ancient power source, Vesely not only recognizes it, but knows where it came from: Atlantis.

Jeremy Robinson builds on his novel, SecondWorld, with this non-stop novella, maintaining the frenetic pace, expanding the history and creating an ending that will keep his readers speculating for years to come. Combining the adrenaline rush pacing of Matthew Reilly and the ancient mystery of James Rollins with a dash of Indiana Jones, Nazi Hunter: Atlantis is a fast-paced battle through history featuring one of Robinson’s most beloved character’s.

awesome sequel to the secondworld

By Kelli

I learned of this author through podiobooks. (Just wanted the author to know this worked in his favor.) I started ordering books, and I believe the Origin series was where I started. Then I found Jeremy Bishop, who is Jeremy Robinson. The Bishop books are more horror oriented, and they are excellent as well.

While I am Cowboy can be read as a stand alone book, I recommend reading Secondworld first. In Cowboy, the Nazis are back. They have taken an archaeologist, Pasha, in the hopes of finding entry into an old Atlantean site. The whole adventure takes place in a warren of underground tunnels. This adventure is very much in the same vein as the Indiana Jones adventures, but the author manages to hook several of his books together.

Like Indiana Jones, the Cowboy is a smart guy, a writer and researcher of conspiracies. He hopes to prove that several of these are true. Because of this writing, he came to be on the Nazi's hit list. It seems that some of his writings hit the Nazi nail on the head. The Nazis had frozen some of their favorites, including Hitler. They thawed them out in the future in an attempt to make Secondworld in the future. The Cowboy is back, and he has more of the frozen chosen that he needs to kill before they institute their newest plan to take over the world.

It was fun and interesting. It was great getting to know the Cowboy a little better.

I Am Cowboy is a Gift

By Debosophy

This is the book that all the fans have been waiting for.

I Am Cowboy follows the continuing adventures of Milos Vesely, the gunslinging Czech cowboy from Jeremy Robinson's SecondWorld, and once again he's elbow deep in frozen Nazis hell bent on destroying the world and "cleansing" Earth of anyone who is not pure Aryan.

Milos is easily likeable with his sense of humour, his chivalry and his accent and definitely one of the good guys.

It's now safe to say that I've read every book thus far penned by Robinson and I'm now getting to the title of my review.

From chapter 31 onwards, Jeremy gives his readers one of the greatest gifts that a writer can bestow to his/her fans... A CROSSOVER NOVEL! However, this crossover novel spans three other novels and I don't know about anyone else, but I squee'd as I read the closing chapter and epilogue as I instantly recognised each instance that Milos experienced while holding on to the whoops! I don't want to spoil it for anyone else ;)

I Am Cowboy is a brilliant read and one I highly recommend to everyone.

Fantastic book

By Amazon Customer

Only Jeremy Robinson could weave such an awesome story. He has a knack for developing characters. This book is a spin off of Second World (which was incredible), and lays the groundwork for other books in that

universe. Of you have never read Robinson, just take my word for it and buy every available title. I did. Even the ones under a different pen name. Every book from this author is superb. If you like a good story, pick any book of his. My favorites are the Chess Team novels, Second World, and the Antarktos books.

This book involves the Cowboy, an awesome character from Second World. It's action packed from the get go. I would love to see more books involving this character, hopefully stand alone novels as well as with Lincoln Miller. Great book and a fun read. Finished it in 2 days. Enjoy!
