The book was a fun read. The author, Debborah McClatchey, did a nice job developing the characters. I found myself so involved that my heart would beat like crazy during some of the more intense parts of the book. It was amazing how quickly I finished it, but then I couldn't put it down.

A thrilling story with lots of suspense and exciting twists

By Grace Wedel

It was heart warming the way the little group of girlfriends cared about each other and how they looked for one another while a very cunning killer with a twisted mind was terrorizing their neighborhood. Deborah McClatchey did a great job of describing the girlfriend's characters. I especially liked Chloe, she had a sweet and delightful character. I was totally absorbed in this gripping story. I kept reading, and turning the pages, I just had to find out what was going to happen next. I was thoroughly entertained by this enjoyable read, which was thrilling with lots of suspense and exciting twist. I highly recommend this book.
