A Game Changer for the Grant Writer!

By MSH

Bought this book on a whim when hearing about it at a conference and it has been a game changer for our organization and our grants. So few books have really great samples like this you can build off of. And it's laid out so well by every specific section of the grant that it makes it easy to find what you're looking for. Wish there were more great resources like this on the market for grant professionals.
