\*\*\*\*CONTAINS AN ELEMENT OF PHYSICAL AND PSYCHOLOGICAL ABUSE, AND IS THEREFORE ONLY RECOMMENDED TO READERS OVER THE AGE OF 18\*\*\*\*

They say that old habits die hard, and twenty-seven year old, Kady Jenson, is about to discover how true that statement actually is.

Waking up in the hospital with a complete stranger at her bedside should have caused panic and confusion, but for a reason unknown to her, Kady finds herself drawn and calmed by the presence of the rugged, devastatingly handsome man with the pleasant Irish brogue.

It's when she discovers that she has just woken from a four day coma, with a three year void in her memory, which spawns confusion and panic.

Kady soon comes to realize that things change with time, and not only appearances.

Not only is the sexual chemistry she once shared with her long-term boyfriend, now a long-ago memory, but Kady also begins to unconsciously fall back into unremembered habits, and with each day, the increasing sense of foreboding becomes increasingly harder to ignore.

Left on her own when her boyfriend goes on a business trip, Kady seeks help from the Irish stranger as they go on a quest together, in a race against time, to piece the puzzle together.

This is the first installment of The Dark Evoke Series, and is therefore NOT intended as a standalone novel.

Great Mystery Romance!!!

By Bianca @BJsBB

Kady wakes up in a Boston Hospital.

She doesn't know who the hot guy with the Irish accent is, who is sitting at her bed.

But he's not her boyfriend Liam. That much she knows. But that's basically all she knows - the last 3 years have been wiped from her memory.

Liam takes her home. A home that she doesn't know. It's not their small apartment in her beloved neighborhood anymore - it's a big house in a weird quiet neighborhood with overly nosy neighbors.

Weirdest thing of all?? She's not working as a stripper anymore. She's a baker now - Liam tells her she has her own cake-shop! She couldn't even fry an egg 3 years ago, and now she's baking and decorating cakes?

Her face and body seem to have aged more than they should have in three years - and what's with the new 'marks' on her body?

Lots of things don't make sense to her - lots of lies seem to come out of Liam's mouth. And everything about Liam seems a bit off. He's different than she remembers.

The only good thing about her life seems to be the Irish guy: Walker. He's working construction for Liam's company.

But her growing feelings toward Walker are wrong. She's with Liam.....

But what happened in the last 3 years??

Why does Walker act so familiar with her? Why is he always there - ready to protect her and comfort her?

Will Kady find out what happened during the time that's missing from her memory??

Will everybody die at the end? ???

Will there be a Cliffhanger????

I'm not telling you of course ???

Ok - I might tell you that, since there will be more books coming, there will be much more to tell!

BUT there's no Cliffhanger really .... no one is literally hanging from a cliff ...

BUT - you really want to keep on reading to find out what happened during the last 3 years and more importantly to find out what will happen next ?

---

I REALLY ENJOYED READING THE BOOK!!!

I first thought - meh - I have read a few of those 'wakes-up-in-the-hospital-not-knowing-who-she-is' books. And I liked them, but I didn't really know what was expecting me here.

This book keeps you really interested. You HAVE to know what happened and what will happen.

You immediately start to like Kady - she's not the sweet innocent girlie, like heroines in so many other books. She's angry and sad and mad at the universe.

But more interesting for the female reader of course is the fact that we immediately LOVE Walker ?

We have no idea what he's about, where he comes from (other than from Ireland that is). We just know that he's there for Kady, but she doesn't remember him. She just knows that she can trust him.

Not so much with Liam. He's acting so weird and everything that he tells her about the last 3 years (which isn't a lot) doesn't make much sense to her.

There were some moments for me when I really wanted to hit some of the characters - Kady included!!! ?

The story gets more interesting with every page that you read...

WE REALLY NEED TO FIND OUT WHAT HAPPENED to Kady in the time she lost and how Walker plays into that!!!!

For my tastes there could've been a bit more sexiness in the book - but I also totally get why there isn't ... Liam is not the old Liam anymore and Walker is still a stranger - so, who should she be having sex with ? But I hope that book #2 will be a bit sexier!!!!

What the reader really notices is that the story means a lot to the author - could be personal experience that she put into it - or just experiences from friends and family - but this whole book really means something! There's a message in here for people with similar 'problems'. ♥

SEEKING NIRVANA was a realllllly interesting Mystery Romance!

Now I can't wait for the next book to come out!!!!!

I'm really excited to read what will happen to Kady & Walker next!

Excellent

By Denise Van plew

This is my first time reading this author who is also relatively new to me. The title is what intrigued me to want to read it also. Right away I am transported into a passionate plea in a hospital room then next someone's battle to wake up. Interesting to say the least this has caught my attention right away and the many possibilities this author triggered in my mind so sit down I do to see where this author will take me. The main characters I am introduced to are Kady,Liam and some guy with a voice I personally could hear for hours because he has a Irish lilt who is Walker. Kady has just woken up after being in a coma but it is revealed she is also though missing some memory of a few years. I think that would be a tough situation to handle for most so right away have come to sympathize with her. This is not as I continue reading it would appear going to be your A typical story either which I find most refreshing since I am a reader of many years. Also right away I find myself already liking Walker but for some reason resenting Liam but it appears that is who Kady knows and loves. By now also since this author has that ability these characters have life and am now hunkered down for this journey going with the flow of this novel. The revelations that are revealed in here as she continues day to day are righteously good reading with me the spectator in a tennis match looking to Kady,Liam and Walker as this story unfolds. Of course there are also some great supporting characters that are much needed as she rediscovers who she was while also reconnecting with the memories that do try and trickle in like a red flag waving danger danger watch out for Liam lol. This is one intriguing storyline that you really read because of the way this is written. Since I am a long time reader it takes quite alot for a author to keep my attention plus also I sometimes have the ability to guess what will happen next but not so the guessing part that is with this novel. That along is like gold in the book world to me. Since once I picked it up it did not take me long to breeze through this with the way the author carried me that once I reached the last page I must say I have understood the title but hope the author does not take too long in delivering mine with her next installment to this series.

suspenseful

By The Girl Who Read

VL Brock does it again by providing amazing detail that'll keep you on the edge of your seat. Throughout this story I had plenty of questions, and while I was disappointed many of them also went unanswered, I am assured the mystery will be resolved in the second novel. I keep up with this author, and it seems she's already almost done with the next book. I absolutely cannot wait to read it. The brilliant portrayal of the heroine's struggle to recall her lost memories was moving, but the best part in my opinion, is Walker. I love a sexy Irish man.
