SOCIOLOGY IN OUR TIMES: THE ESSENTIALS BY DIANA KENDALL PDF

SOCIOLOGY IN OUR TIMES: THE ESSENTIALS, 10th Edition presents the latest available data and new insights on behaviors, beliefs, issues, and trends in our nation and world from a sociological perspective. The author humanizes sociology with real-life stories, told by the people who have lived them, and timely topics such as health care legislation, the U.S. and global economies, environmental activism, immigration, bullying and social media, high-tech employer "spying" on workers, gun control, same sex-marriage, and establishing policies on how to prevent military suicides. The content illuminates the text's main themes of diversity, the application of sociology to everyday life, global comparisons, media, and social change—particularly as it relates to social media and other forms of technology that are bringing about new ways of living and interacting with others.

Great for sociology

By Adam L. Weddle

The rental system from Amazon is wonderful and has save me a ton of \$\$\$ during my college classes. Returning books is simple and quick. This book was easy to understand and informative.

Great book, Great Prince

By Brian

It was the book I needed, and it was the book I got. I bought it used since the new hardcover cost about three times as much. It finally came in, yet, they shipped me the instructors edition, which was no problem for me although my class mates wondered why my textbook was a different color than theirs. Once I received it, I spent over an hour trying to take off the blocking adhesive paper on the back cover and the spine of the textbook to distract me from noticing it was an instructor's edition. The price was great, the book was great. Overall, a great buy Sociology in Our Times
