THE DARKNESS IN THE MARQUESS OF DANE (BIRDS OF PARADISE BOOK 2) BY ELIZA LLOYD PDF

"One of best erotic romances I read this year! FAB. RUN TO BUY this DARK MARQUESS Totally 5 star+" Cerise DeLand

This is a dark erotic novel with some light BDSM and an instance of multiple partner sex.

For the dark Marquess of Dane, no offer is too low or depraved, but when the offer comes from one of the ton's noble daughters, Miss Christina Turnbow, Dane is willing to entertain the iniquitous possibilities. Dane is not impressed by the pretenses of silly ton debs, but Christina has a ghost of a chance. She bears an uncanny resemblance to his dead wife.

Christina, already ruined by a slight scandal, and with her family on the brink of financial disaster, determines that she has one thing left to sell. And Dane is the only man who can afford her price.

Dane has a secret darkness and only Christina brings him light. She must balance the needs of her family with the strange needs of the only man who can help her. Can she endure Dane's dark world? Can she do what no other woman has done? Love him.

Book Was So Good Read It Straight Through

By Callie

I agree with the other reviewer this book is not for the faint of heart. Christina Turnbow is selling her virginity to the Marquess of Dane to pay the family's debts. He is the most depraved person and uses all women as whores. You will soon learn why he has become such a man. The sex scenes are very erotic and detailed. I did not care for the bondage scenes but there was a reason for them. Dane tried to do everything he could to make Christina hate him but a love is unfolding between them. You can't stop reading till you see if from all he put her through if they will find true love. Please be aware this is not for people who don't want to read a book with sex in it.

A depraved hero falling head-over-heels for the heroine, but their journey to fulfillment is not a bed of roses

By PunyaReviews

I was looking for a diversion and Eliza Lloyd's "The Darkness in the Marquess of Dane" sounded like something that'd fit my mood. I was also quite ready to dismiss it as 'another one of those Regency porn' but

the author made me realize that this novel is not as simple as that. Since this was my first book by Eliza, I had no prior expectations and quite delightfully discovered that I found something worth my time. Something I absolutely enjoyed. It had a more complex hero than I hoped to find, and a graceful and strong heroine who beat down the door to his depraved soul without even trying. Dane didn't quite grasp just how much he wanted to live after years of losing himself into the darkness, not until he met Christina, and his long buried heart instantly recognized whom it wanted as it's savior. It should've been easy for them since Christina wanted him, fault and all, however, their journey to fulfillment wasn't a bed of roses. Not even close.

I can't give away much without spoiling but if you're not squeamish and love a true dark, debauched hero falling head-over-heels for a woman anyone would truly admire, then this book is for you. For those who would like to be alerted, remember it's an erotic historical so there are plenty of all sorts of supremely hot sex scenes. Vast majority is between the H and h. You don't need to worry over OW dramas. I hate those too.
