Deceptive and Entertaining.

By Wattlebabe

It took me a while to figure out how to start this puzzle but after that it was quite simple. The only thing that bothers me is the there are nine letters in the answer but there are ten puzzle drawers....I never did figure out the last drawer but still had the answer. Did anyone else have the same experience?

I love Nick's books and am collecting them all.

fun, and beautifully illustrated

By Allyson

This book is actually a game, a riddle. You have to look at the contents of a "drawer" in the jukebox, and read stories that accompany the drawer to solve the riddle. Challenging, fun, and beautifully illustrated. Great gift for anyone who loves music and puzzles.
