Why didn't I receive the book in the description

By Andres M. Jones

The cover on the book looks totally different then the book in the picture. I'm not quite sure how old the book I received is compared to the one advertised. I believe I have been misled and I think that each book should match the one I pay for. I don't know if the wording is the same in the book as the other, if the information in the book I was sold is even updated with the newest and most up to date information on each topic. Very poor communication and misleading advertising.
