The Montana Cree is a study of religion as a sustaining force in American Indian life. On the small Rocky Boy reservation in northern Montana, the Cree Indians provide an example of how a people transplanted and persecuted throughout their history can maintain and develop a tribal identity and unity through the continuance of their religious values.

As the adopted son of Mose Michelle, a hereditary Pend O'Reille chief, Verne Dusenberry moved easily within Indian circles as an accepted participant-observer in many religious ceremonies. His ethnographic study provides detailed descriptions of ceremonies - the Shaking Tent, Ghost Dance, and Sun Dance - which are seldom accurately described elsewhere.

The Montana Cree was in Excellent Condition

By Evelyn J. Morales

The Montana Cree Book was in Excellent condition, was delivered in good time and was very professional about the deal.

Thank you.

3 of 3 people found the following review helpful.

An important text and fascinating besides

By Emuru

Both me, a (mostly) white woman- and a friend, a Cree man- agree that this is a good one for either sex of either race to pick up, if one wants entertainment as well as information on this subject. The book will effortlessly delight with the addition of the former (entertainment), and impress with the contribution of the latter (information). Liked this very very much! :-)
