A Standalone Novella/No Cliffhanger

Her hands grip the steering wheel and her foot slams down on the brake. Everything around her seems to slow. All except for her heart, which just about beats out of her chest. Adrenaline surges as the wheels lock on her car. There is a god-awful screeching noise as the tires skid across the asphalt. It's too little too late and her vehicle collides with the large, furry beast, with a hard thud. Metal twists and bones snap like twigs. The creature is flung from her vehicle, landing in a mangled, bleeding heap. One of its legs kicks out uselessly. Jackie can't believe it's even still alive. Despite the danger, her years of veterinary training kick in and she gets to work to try and save its life. She should never have taken her eyes off of the road, not even for a second.

Tyler is on his way to Sweetwater. It's the night of the Christmas Festival. More importantly, it's his turn to find a mate. First, he's got to lose his babysitters. The last thing he needs is his two pack mates staring over his shoulder while he tries to win the female of his dreams. That is, if he's lucky enough to find her. So focused on escape, he doesn't see the vehicle approaching until it's too late. As he lies on the side of the road, broken and bleeding, he can't help but think that it's such bad luck. Can't help but to feel seriously sorry for himself. That is, until he catches a noseful of her scent and feels her soft little hands on him, then he thinks that maybe it's fate...

The story contains strong sexual themes/language and is not intended for readers under the age of 18.

3 Wasn't Feeling it... Stars..

By Unsolicited Reviews

I have to say that I was excited when I saw this was recently published. I jumped on it right away. Sadly, though, I was quite underwhelmed with this book. The authors voice seemed to be lacking. The writing wasn't as good as her other stories. The sex was mediocre. The flow felt off. Overall, I wasn't very happy about it. I did like the characters. The cover is beautiful. And I adore this author's work as a whole, she has a wonderful ability to flesh out a seemingly pure erotic story and make it perfection. Although that wasn't showcased here.

Looking forward to more by her.

Love this series!

By tercat57 (Teri)

I've loved every book I've read in this series so much that I haven't stopped reading so I can review. I immediately start another story. My kids are starving! Lol Of course, since it's a novella it doesn't have lots of action as Charlene's other stories. It's fun, with hot shifter sex. Can't beat that! I love how Tyler and Jackie meet, and Tyler's snarkiness in the beginning. Doesn't take him long to snap out of it and realize what's standing right in front of him. Truly love Charlene Hartnady's creativity. My goal is to read everything she's written.

This can be read as a stand alone book.

The mating game

By Elizabeth

Tyler is a wolf shifter in a rush to get to Sweetwater for the Christmas Festival. Why the rush? He's gotten permission to take a mate and can't wait to find her. Jackie is a veterinarian on her way home after a long shift and just a little bit preoccupied. Their lives collide literally when she hits a wolf with her car. Charlene Hartnady is always entertaining with her writing and humor and she gets it right with this book. The mistletoe was hilarious. Oh, and the chemistry between Jackie and Tyler is very hot! I really enjoyed their story and all the others in The Chosen Series.
